

Soccer Tots

18 months-3.5 years

Parent/ Child

Soccer Tots Beginner

18-24 months

Soccer Tots beginners is a fun and exciting introduction to the world's most popular sport! This 50 minute class uses basic soccer skills to help improve balance and coordination. Through sensory tools, your child will build confidence along with strong physical and social skills. At this age, children build a sense of trust and stability through repetition. Therefore Soccer Tots beginner curriculum remains consistent each week.

Soccer Tots Intermediate

2-3 years

The Soccer Tots Intermediate class explores the sport of soccer through fun, organized games that build foot-eye coordination and basic ball control. This class develops fundamental and physical skills while emphasizing listening and following instructions. This class cycles through 3 different curriculums in order to build repetition and develop skills.

Soccer Tots Advanced

2.5-3.5 years

The Soccer Tots Advanced class is a transitional class designed to gradually encourage the child to be on the field independently with little to no assistance from parents. The curriculum introduces a variety of games focused on fundamental skills such as ball control, foot-eye coordination and balance while building confidence
